

WELCOME TO THIRD GRADE

Mrs. Sultan Third Grade

“Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these.” Luke 18: 16

Project: Book Report

In These Are My People, Mildred T. Howard shared Gladys Aylward's biography. It is a true story of how God led Gladys from the cold, foggy streets of London to the black mountain ranges of China, and how her compassion touched the Chinese hearts from all walks of life.

As a culminating activity to our book report, we are going to have a Chinese festival. Students will enjoy Chinese food, and listen to our special guest, a missionary, who has a heart for China.

Social Studies

This month, the following topics will be covered:

1. Communities at work
2. Making choices
3. Choosing wisely
4. Earning, spending, and saving
5. Communities businesses
6. Using Resources
7. Depending on others
8. A world of trade

Science

In this quarter students will learn how to identify various birds by their markings and sounds. They will discover ways to observe birds closely and to record these observations.

Students will also be exposed to God's power and majesty through His creations of the universe. They will familiarize themselves with facts about the planets and their distance from one another and from the sun. They also learn the correct order of the planets by singing a familiar tune. Hands-on experiments will demonstrate occurrences throughout the solar system.

English

Students will learn how to write correct sentences. The following topics will be covered:

1. Capitalization and punctuation
2. Capitalizing proper nouns
3. Abbreviations
4. Book titles
5. Commas in a series
6. Introductory words
7. Quotation marks

Skills

Our skills this month consist of: Sequence of events, predicting the outcome, following instructions, problem/ solving, and dialogue.
